Aidan Jennings

anjennings@wisc.edu | *anjennings.github.io*

Education:

- University of Wisconsin-Madison
- B.S. in Computer Engineering and Computer Science
- Graduation: May 2021
- GPA: 3.081
- Relevant Coursework:
  - Computer Architecture (ECE 552)
  - Database Management Systems (CS 564)
  - Programming Languages & Compilers (CS 536)
  - Electronic Circuits II (ECE 342)
  - Signal Information and Computation (ECE 203)
- Areas of Interest:
  - Microcontrollers
  - Web Development
  - Databases
  - Manufacturing

Experience:

- Uline || **Applications Developer Intern** June - August 2020
  - Developed and maintained internal credit monitoring software
  - Evaluated existing UI applications and performed updates and modifications
  - Developed server-side features and created unit tests to ensure functionality
  - Collaborated with managers and senior developers to create new and innovative solutions
  - Languages Used: Java, HTML/CSS, Angular.js, Git
- Curt G. Joa Inc. || **Summer Electrical Intern** June 2017 - August 2019
  - Shadowed members of the Electrical department in office and shop floor settings
  - Maintained product database by creating management software and entering data
  - Developed software solutions by studying information needs and investigating problem areas
  - Worked on individual and team projects developing machine vision, PLC, and project management software
  - Languages Used: VB.NET, SQL, C/C++, Python, and RS Logix
- American Orthodontics || **High School Co-Op** April - June 2017
  - Participated in a companywide rotation to observe and participate in different processes throughout the various product manufacturing lines

Activities:

- Enlight Computer Projects Club – President (2019 – 2020)
- Boy Scouts of America – Eagle Scout Award (2016)
- FRC Robotics Team 3418
- UW Madison Aikijiujitsu Club
